PROFESSIONAL SUMMARY

Junior Web Developer with a strong foundation in responsive web design, certified by freeCodeCamp. Experienced in building mobile-first websites using HTML5, CSS3, Flexbox, and CSS Grid, with projects hosted on GitHub. Eager to learn, highly motivated, and focused on creating clean, accessible, and user-centered web interfaces.

ACADEMIC QUALIFICATIONS

Higher National Diploma certificate in Software Engineering, higher institute of Professional excellence (HIPE), Douala

2021 – 2023

Bachelor Degree in Software Engineering, higher institute of Professional excellence (HIPE), Douala

2023 – 2024

Responsive Web Design, FreeCodeCamp

AUG 2025 – DEC 2025

I build a lot of hands on projects in HTML5 and CSS3 with a strong understanding of variables, flex box and grid layout, with a first mobile responsive interface in media queries and a strong understanding of CSS animations.

EXPIRIENCE

IT services provider, AFROLOGIC S.A

2022 – 2023

Worked as IT services provider in AFROLOGIC S.A.

2022 – 2023

Assisted in software installation, system configuration and hardware maintenance.

Provided technical support and solved clients issues.

Performed diagnostics, troubleshooting, and basic networking tasks.

Installed operating systems and configured work environments.

PROJECTS

Portfolio Website – HTML, CSS, JavaScript

Designed and developed a responsive personal portfolio.

Showcases projects, skills, and experience.

Used modern UI/UX design principles.

Product Landing Page

I build a product landing page using HTML5 CSS3 with all the responsive media queries principles.

A Taco shop

I build a small taco shop store using the concept and knowledge I acquired in HTML5 CSS3 and JavaScript. This project is responsive to all screen size.
